(Cell Metabolism 20, 73–84; July 1, 2014)

The original version of this article contained an error in labeling Figure 4G. The top picture should be labeled as “Ad-LacZ,” and the bottom picture should be labeled as “Ad-BRD7.” This has since been corrected online, and the corrected figure appears here. The authors apologize for any confusion and inconvenience.

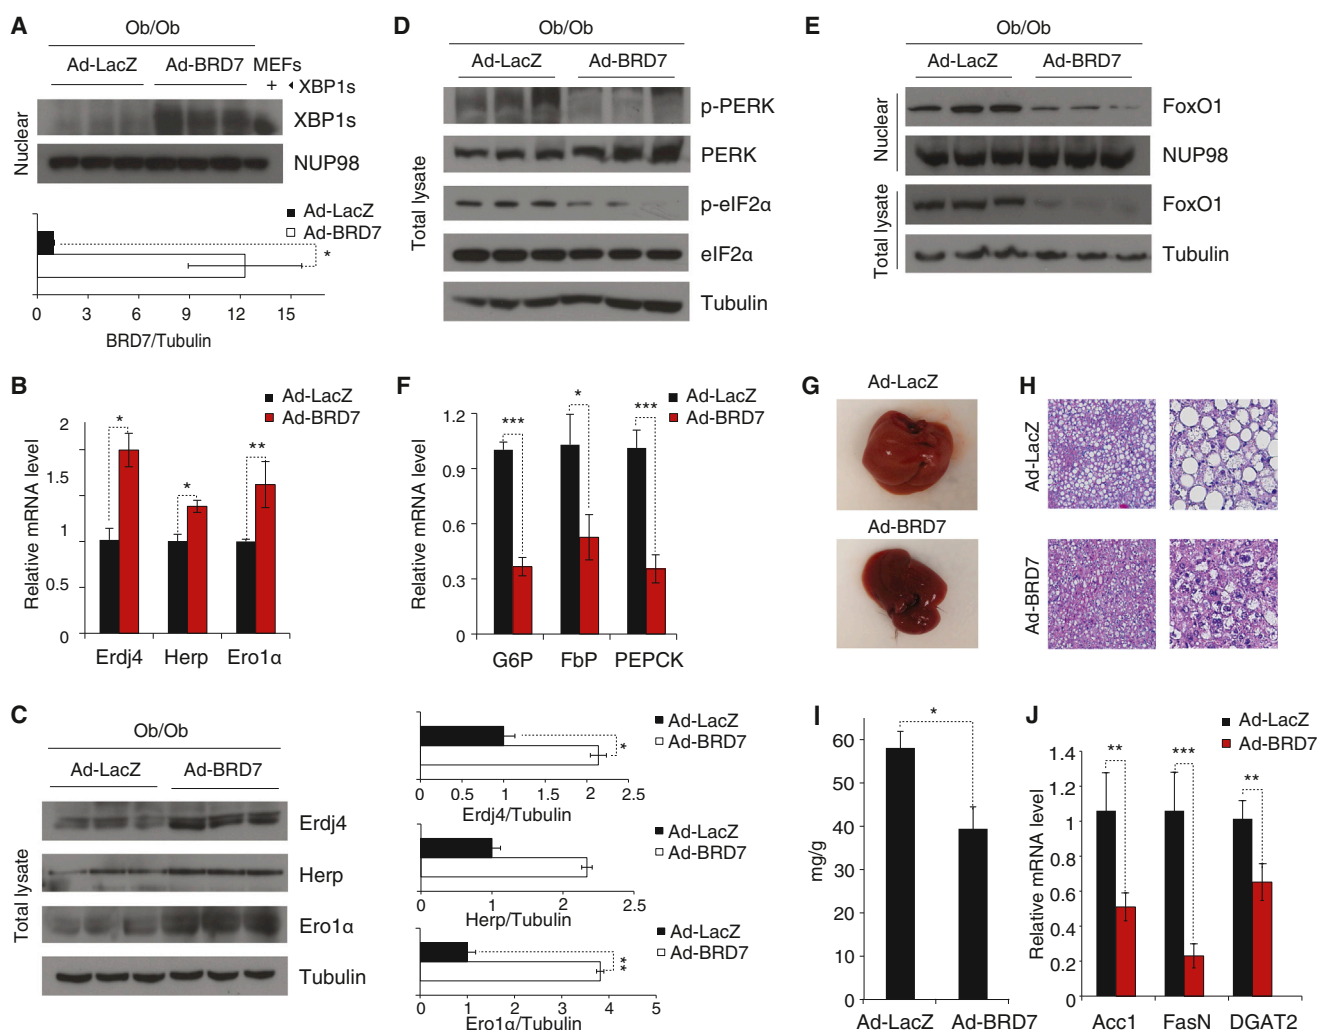

Figure 4. Restoration of BRD7 in the Liver of *ob/ob* Mice Releases ER Stress and Displays Improved Phenotypes
